/ WHAT IS BOARDROOM TO BOAT?

We understand that in business, valuable time spent away from the distractions of the office can be a real driver to success. Spend the morning discussing key issues integral to your business in a meeting set up and relax in the afternoon with a few hours out on the water.

Our 'Boardroom to Boat' days encompass all elements that will allow your business to not only get through valuable content, in a conference/meeting set up, but combine this with a truly unique and relationship enhancing activity-sailing.

The sailing can be tailored specifically to your group size and objectives. In each scenario guests will have the chance to literally learn the ropes and work as a team to sail the yacht to their best ability and we will build the afternoon's itinerary around you. The best thing? NO sailing experience is necessary.
