CORPORATE SAILING EVENTS

/ THE LEGAL CUP

The Legal Cup is “The” social, sailing and networking event for the legal sector and suppliers to the industry. Every year, yachts representing a spectrum of different law firms race on the picturesque waters of the south coast with a programme of races scheduled on both Saturday and Sunday.

2024 will be the 33rd staging of the regatta which Britannia is proud to have owned and managed with the support of our partners and sponsors since its inception in 1991.

The event is suitable for seasoned sailors and novices alike. No experience is necessary as Britannia provides a professional skipper on board each of our yachts to teach you the ropes and ensure you get the most from the event!

WORKING WITH BRITANNIA

Britannia Corporate Events is a specialist provider of corporate sailing days and events on the Solent (the home of UK yachting); offering a range of bespoke and quality team building, reward or networking events. With over 20 years experience in the sailing industry we pride ourselves in producing high quality, tailor made packages to suit our clients' requirements. We're so much more than just a provider of yachts - we offer a complete event management service to make sure you get the most out of your day.

We organise everything from parking to post sailing drinks to make sure that each detail is taken care of and that your guests enjoy a seamless, relaxed day.

*As always a great weekend event.
Well organised and a lot of fun!*

OUR CHARITY PARTNER

PLAN B

Our chosen Charity partner is Plan B. Working with young people from Hampshire and surrounding South East areas of the UK, the organization will support young adults who are, for whatever reason, unable to engage with mainstream education.

The organisation's philosophy is simple. Plan A (mainstream education) has failed, so Plan B (alternative provision) must be different. The highly experienced, caring and empathetic staff offer the students a 'place to belong' by delivering vocational education as a route to employability based around the diverse local marine industry, with transferable skills into other industries. In addition, it also supports curriculum based core subjects such as Maths and English by applying them to every day life through good communication and applied applications, all with a vision to help support the young adults as they transition into 'the real world'. As the students grow with Plan B, so does the reach into the community, spreading the ethos exponentially, ensuring no child is left behind.
